Prior to acceptance of enrolment applicants will need to provide certified copies of their highest post-secondary academic record or an approved language, literacy and numeracy test result.

At all times, MTC staff must abide by legislation and guidelines of LLN requirements within the VET sector.

### **Unique Student Identifier (USI)**

All applicants who commence training with Meerilinga from 1 January 2015 will be asked to obtain a Unique Student Identifier. This can be completed by referring to the USI website hosted by the Australian Government Department of Industry <https://www.usi.gov.au/>. MTC can assist students to obtain a USI with their consent.

Every USI presented to MTC by an applicant will be verified. Meerilinga will not be able to issue or re-issue any certification until an applicant provides a valid USI (unless an

exemption applies under the Student Identifiers Act 2014, in which instance, students will be informed of the exemption and any conditions which apply).

At all times, MTC staff must abide by legislation and guidelines which host and support the implementation of the USI within the VET sector.

### **Assessment Only (RPL)**

MTC offers all applicants an 'assessment only' pathway through self-assessment, third party and competency observation and interview. Specific requirements for RPL include evidence of having worked in a regulated early education and care setting of not more than 2 years prior the application date and of performing the activities outlined in the current performance criteria of units. Performance criteria for Qualifications and all Units of Competence can be viewed at [www.training.gov.au](http://www.training.gov.au).

Meerilinga recognises that learning and competency occurs through a variety of learning experiences including:

- Life experiences
- Formal and informal training
- Work experience
- Education opportunities

Whereby a candidate is seeking to commence or continue working in an education and care setting before commencing RPL it is recommended the applicant can demonstrate industry compliance to currency of working with children check, medical clearance to work with young children and currency of first aid. Applicants are responsible for all costs associated with certifications and currencies.

If a student does not achieve the competency requirements through RPL they may transfer into training and assessment for individual units or clusters to attain the qualification. Transfer options must be stated in writing within 10 days of receiving the RPL outcome. The fee for RPL will be credited to the advertised cost of training and assessment at the time of transfer. RPL has a minimum and maximum duration of 6 months unless otherwise waived by the Chief Executive Officer.

### **National Recognition**

To maintain the integrity and national recognition of training products, MTC accepts the certification issued by other RTOs or any authorised issuing organisation, such as a university. Verification of authenticity of the certification will be undertaken. MTC is not obliged to issue a qualification or statement of attainment that is achieved wholly through recognition of units completed at another RTO or RTOs.

In some cases, licensing or regulatory requirements may prevent a unit being awarded through a credit transfer process. Providing credit for previous studies is recognising the equivalence of studies previously undertaken and completed successfully. There is no fee for a credit transfer.
