About Meerilinga

Meerilinga is a not-for-profit organisation and registered charity that engages and empowers children, their families, and communities to raise the status of children in Western Australia.

Meerilinga has been promoting positive childhoods and empowering communities for over 100 years. We began in 1911 as the Kindergarten Union of WA, with our Kindergarten Training College established in 1913 and our first kindergarten opened at Meerilinga House in 1922.

Today, our Children and Family Services across Perth continue to serve local communities as inclusive places where children, families, and community members can find belonging and feel valued.

Meerilinga is recognised for excellence in its high-quality service delivery and holistic approach in Early Childhood Education and Care as well as in community engagement. With the support of community-focused programs and services, Meerilinga continues to create pathways that support individual, family, and community wellbeing.

Our vision

Providing enriched early education experiences for children through developing strong and connected communities.

Our mission

To be outstanding in the development and wellbeing of children, supporting their families and community as a local, independent, charitable organisation.

We pride ourselves on maintaining a professional workforce, upholding the highest standards of ethical and professional behaviour.

Volunteering overview

Volunteers make a significant contribution to Meerilinga and to the children and families they work with and we recognise that volunteers are valuable members of our team.

Our volunteers generously donate their time without the expectation of payment to help us deliver our community services. Whether you choose to donate your time, special skills, energy, enthusiasm, or something else, the effort will be especially appreciated.

Orientation & induction

To welcome you to Meerilinga, we deliver a volunteer orientation session which provides an overview of our approach to volunteering. All new volunteers are required to attend.

This session runs for approximately for one hour and is a great opportunity to gain an understanding of the expectations of Meerilinga's volunteer program and volunteers rights and responsibilities.

Induction

During your first few weeks, our Community Development Advisor will help you to become familiar with Meerilinga including relevant policies and procedures.

Wherever you are placed, whether at one of our Children and Family Services, our outreach service or at our West Leederville office, the induction will help you settle in, be familiar with your volunteering activities, and feel part of the team.

COVID-19

Some volunteer roles may include working with people who are at increased risk or vulnerable to the impacts of COVID-19, therefore may be subject to mandatory COVID-19 vaccination as outlined in the State Governments COVID-19 mandatory vaccination policy. What our volunteers say

“I have loved my role with the children. My very first day was daunting until I asked a staff member what I could do, and she said simply, ‘play with the children’. From then on, the role came naturally to me. Playing in the sandpit, help build rock towers, reading stories, helping children learn the very first steps in writing, playing imaginary games involving driving boats through shark infested waters or stepping from one log to another to avoid crocodiles... I love it all! I think my favourite part of the role is spending time with the quieter, more withdrawn children. To feel them slowly begin to trust me and begin to enjoy their time in the Centre is so rewarding. Being a volunteer means I do not have any other tasks to fulfill during the day so I can enjoy one-on-one time with the children. I am welcomed and made to feel part of the team.” - Diana

“It’s been 30 years now since I first started volunteering. I just love to volunteer. I love to work with Meerilinga and its staff because of the respect I get here. The team is so skilled and dedicated, we work collaboratively and staff listen to my suggestions and implement them where possible. I have completed my Diploma in Early Childhood and Meerilinga gives me freedom to set up activities and interact with families and community, plus the opportunity to interact and meet with other volunteers.” - Joanna

Meet Diana

Diana is also a mother of twin boys, and supports her husband in his business when not volunteering at our services.
